KNOWLEDGE EXPERIENCE RESULTS UPFDA

UPFDA was formed nearly 40 years ago with the goal of bringing pest control manufacturers, formulators, and distributors together to advance our industry. As stated in our by-laws, our mission is to bring a standard of excellence and enhanced professionalism to the structural pest control industry. We strive to effectively recognize the requirements and needs of our customers and promote better cooperation and communication with government authorities. If you are not a member, we encourage you to join. If you are a pest management professional, we encourage you to support your UPFDA member.

UPFDA Member Services

UPFDA members receive a number of valuable services:

- **UPDATE:** UPFDA's information-packed quarterly newsletter that keeps members informed of the latest news and industry trends.
- **MEETING & CONVENTIONS:** UPFDA members meet regularly at their general membership meeting held in conjunction with NPMA PestWorld, as well as other times throughout the year. UPFDA's spring meeting features two days of educational sessions designed specifically for industry product suppliers and distributors.
- **LEGISLATIVE REPRESENTATION:** UPFDA works closely with various trade groups and government agencies to represent the interests of their constituents at both the state and national level.
- **MEMBER SURVEYS:** Regular surveys provide insights into industry trends at the manufacturer and distributor level.
- **NETWORKING OPPORTUNITIES:** There's no better way to learn what's happening in the industry than to network with some of the industry's most influential members.

Membership in UPFDA is voted on by the Board of Directors at their next possible meeting.
Membership does not become active until payment of dues is received.
